If you received an Internet Notice by mail, you will not receive a printed copy of the Proxy Materials in the mail unless you specifically request them. The Internet Notice also instructs you on how you may submit your proxy over the Internet. To take advantage of this opportunity, we have delivered only one Internet Notice or one set of Proxy Materials to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the Internet Notice or Proxy Materials, as requested, to any stockholder at

the shared address to which a single copy of those documents was delivered. If you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future Internet Notices or proxy materials for your household, please contact Broadridge at the above phone number or address.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Who is entitled to vote at the Annual Meeting?

The Record Date for the Annual Meeting is April 12, 2017. You are entitled to vote at the Annual Meeting only if you were a stockholder of record at the close of business on that date, or if you hold a valid proxy for the Annual Meeting. Each outstanding share of Common Stock is entitled to one vote for all matters before the Annual Meeting. At the close of business on the Record Date, there were 43,262,460 shares of Common Stock issued and outstanding and entitled to vote at the Annual Meeting.

What is the difference between being a “record holder” and holding shares in “street name”?

A record holder holds shares in his or her name. Shares held in “street name” means shares that are held in the name of a bank or broker on a person’s behalf.

Am I entitled to vote if my shares are held in “street name”?

Yes. If your shares are held by a bank or a brokerage firm, you are considered the “beneficial owner” of those shares held in “street name.” If your shares are held in street name, these Proxy Materials are being provided to you by your bank or brokerage firm, along with a voting instruction card if you received printed copies of our Proxy Materials. As the beneficial owner, you have the right to direct your bank or brokerage firm how to vote your shares, and the bank or brokerage firm is required to vote your shares in accordance with your instructions. If your shares are held in street name, you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy from your bank or brokerage firm.

How many shares must be present to hold the Annual Meeting?

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority in voting power of the Common Stock issued and outstanding and entitled to vote on the Record Date will constitute a quorum.

Who can attend the Annual Meeting?

You may attend the Annual Meeting only if you are a Radius stockholder who is entitled to vote at the Annual Meeting, or if you hold a valid proxy for the Annual Meeting. Stockholders planning to attend the Annual Meeting in person are requested to call 617-551-4000 to be placed on the attendance list. In order to be admitted into the Annual Meeting, you must present a government-issued photo identification (such as a driver’s license). If your bank or broker holds your shares in street name, you will also be required to present proof of beneficial ownership of our Common Stock on the Record Date, such as the Internet Notice you received from your bank or broker, or a bank or brokerage statement or a letter from your bank or broker showing that you owned shares of our Common Stock at the close of business on the Record Date.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present at the scheduled time of the Annual Meeting, (i) the chair of the Annual Meeting or (ii) a majority in voting power of the stockholders entitled to vote at the Annual Meeting, present in person or represented by proxy, may adjourn the Annual Meeting until a quorum is present or represented.

What does it mean if I receive more than one Internet Notice or more than one set of Proxy Materials?

It means that your shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, for each Internet Notice or set of Proxy Materials, please submit your proxy by phone, via the Internet, or, if you received printed copies of the Proxy Materials, by signing, dating and returning the enclosed proxy card in the enclosed envelope.

How do I vote?

We recommend that stockholders vote by proxy even if they plan to attend the Annual Meeting and vote in person. If you are a stockholder of record, there are three ways to vote by proxy:

- by Telephone—You can vote by telephone by calling 1-800-690-6903 and following the instructions on the Internet Notice or proxy card;
- by Internet—You can vote over the Internet at www.proxyvote.com by following the instructions on the Internet Notice or proxy card; or
- by Mail—You can vote by mail by signing, dating and mailing the proxy card, which you may have received by mail.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m., EDT, on June 6, 2017.

If your shares are held in street name through a bank or broker, you will receive instructions on how to vote from the bank or broker. You must follow their instructions in order for your shares to be voted. Telephone and Internet voting also may be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you would like to vote your shares in person at the Annual Meeting, you should contact your bank or broker to obtain a legal proxy and bring it to the Annual Meeting in order to vote.

Can I change my vote after I submit my proxy?

Yes, if you are a registered stockholder, you may revoke your proxy and change your vote by:

- submitting a duly executed proxy bearing a later date;
- granting a subsequent proxy through the Internet or telephone;
- giving written notice of revocation to the Secretary of Radius prior to or at the Annual Meeting; or
- voting in person at the Annual Meeting.

Your most recent proxy card or telephone or Internet proxy is the one that is counted. Your attendance at the Annual Meeting by itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote in person at the Annual Meeting.

If your shares are held in street name, you may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker, or you may vote in person at the Annual Meeting by obtaining a legal proxy from your bank or broker and submitting the legal proxy along with your ballot.

Who will count the votes?

A representative of Broadridge Financial Solutions, Inc., our inspector of election, will tabulate and certify the votes.

What if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of our Board. The recommendations of our Board are indicated above under the heading "Recommendations of the Board," as well as with the description of each proposal in this proxy statement.

Will any other business be conducted at the Annual Meeting?

We know of no other business that will be presented at the Annual Meeting. If any other matter properly comes before the stockholders for a vote at the Annual Meeting, however, the proxy holders named on the Company's proxy card will vote your shares in accordance with their best judgment.

How many votes are required for the approval of the proposals to be voted upon and how will abstentions and broker non-votes be treated?

Proposal	Votes required	Effect of Votes Withheld, Abstentions, and Broker Non-Votes
Proposal 1: Election of Directors	The plurality of the votes cast. This means that the three nominees receiving the highest number of affirmative “FOR” votes will be elected as Class III Directors.	Votes withheld and broker non-votes will have no effect.
Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm	The affirmative vote of the holders of a majority in voting power of the votes cast affirmatively or negatively (excluding abstentions) by the holders entitled to vote on the proposal.	Abstentions will have no effect. We do not expect any broker non-votes on this proposal.
Proposal 3: Advisory Vote on the Compensation of Named Executive Officers	The affirmative vote of the holders of a majority in voting power of the votes cast affirmatively or negatively (excluding abstentions) by the holders entitled to vote on the proposal.	Abstentions and broker non-votes will have no effect.

What is an abstention and how will votes withheld and abstentions be treated?

A “vote withheld,” in the case of the proposal regarding the election of directors, or an “abstention,” in the case of the two other proposals to be voted on at the Annual Meeting, represents a stockholder’s affirmative choice to decline to vote on a proposal. Votes withheld and abstentions are counted as present and entitled to vote for purposes of determining a quorum. Votes withheld have no effect on the election of directors. Abstentions have no effect on the ratification of the appointment of Ernst & Young LLP and the advisory vote on the compensation of our named executive officers.

What are broker non-votes and do they count for determining a quorum?

Generally, broker non-votes occur when shares held by a broker in “street name” for a beneficial owner are not voted with respect to a particular proposal because the broker (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares. A broker is typically entitled to vote shares held for a beneficial owner on routine matters, such as the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on non-routine matters, such as the election of directors and the advisory vote on the compensation of our named executive officers. Broker non-votes count for purposes of determining whether a quorum is present.

Where can I find the voting results of the Annual Meeting?

We plan to announce preliminary voting results at the Annual Meeting and we will report the final results in a Current Report on Form 8-K, which we intend to file with the SEC shortly after the Annual Meeting.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

FORWARD-LOOKING STATEMENTS

This proxy statement contains certain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, relating to future events. Such statements are only predictions and involve risks and uncertainties, resulting in the possibility that the actual events or performance will differ materially from such predictions. For a nonexclusive list of major factors which could cause the actual results to differ materially from the predicted results in the forward looking statements, please refer to the “Risk Factors” in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2016 and in our periodic reports on Form 10-Q and Form 8-K. Those factors are not ranked in any particular order.

PROPOSAL 1
ELECTION OF DIRECTORS

At the Annual Meeting, three (3) Class III Directors are to be elected to hold office until the Annual Meeting of Stockholders to be held in 2020 and until such director's successor is elected and qualified or until such director's earlier death, resignation or removal.

We currently have ten (10) Directors on our Board. The proposal regarding the election of directors requires the approval of a plurality of the votes cast. This means that the three (3) nominees receiving the highest number of affirmative "FOR" votes will be elected as Class III Directors. Votes withheld and broker non-votes will have no effect on the outcome of the vote on this proposal.

Our Board of Directors is currently divided into three classes with staggered, three-year terms. At each annual meeting of stockholders, the successor to each director whose term then expires will be elected to serve from the time of election and qualification until the third annual meeting of stockholders following election or such director's death, resignation or removal, whichever is earliest to occur. The current class structure is as follows: Class I, whose current term will expire at the 2018 Annual Meeting of Stockholders and whose subsequent term will expire at the 2021 Annual Meeting of Stockholders; Class II, whose previous term expired at the 2016 Annual Meeting of Stockholders and whose current term will expire at the 2019 Annual Meeting of Stockholders; and Class III, whose current term expires at the Annual Meeting and whose new term will expire at the 2020 Annual Meeting of Stockholders. The current Class I Directors are Owen Hughes, Debasish Roychowdhury, M.D. and Robert E. Ward; the current Class II Directors are Alan H. Auerbach, Catherine J. Friedman, Ansbert Gadicke, M.D., and Jean-Pierre Garnier, Ph.D.; and the current Class III Directors are Willard H. Dere, M.D., Kurt C. Graves and Anthony Rosenberg.

As indicated in our Restated Certificate of Incorporation, the authorized number of directors may be changed only by resolution of the Board of Directors. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. Our directors may be removed only for cause by the affirmative vote of the holders of at least two-thirds of the outstanding shares of our Common Stock.

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote the shares of Common Stock represented by the proxy for the election as Class III Directors the persons whose names and biographies appear below. All of the persons whose names and biographies appear below are currently serving as our directors. In the event any of the nominees should become unable to serve or for good cause will not serve as a director, it is intended that votes will be cast for a substitute nominee designated by the Board or the Board may elect to reduce its size. The Board has no reason to believe that the nominees named below will be unable to serve if elected. Each of the nominees has consented to being named in this proxy statement and to serve if elected.

Vote required

The proposal regarding the election of directors requires the approval of a plurality of the votes cast. This means that the three (3) nominees receiving the highest number of affirmative "FOR" votes will be elected as Class III Directors. Votes withheld and broker non-votes will have no effect on the outcome of the vote on this proposal.

Nominees for Class III Directors (Terms to Expire at the 2020 Annual Meeting)

The following table sets forth certain information regarding the members of our Board who are nominees for election to the Board as Class III Directors, including their positions with the Company and ages as of the Annual Meeting.

Name	Age	Director Since	Position
Willard H. Dere, M.D.	63	2014	Director
Kurt C. Graves	49	2011	Chairman of the Board
Anthony Rosenberg	64	2015	Director

The principal occupations and business experience, for at least the past five years, of each Class III nominee for election at the Annual Meeting are as follows:

Willard H. Dere, M.D. has served on our Board since November 2014. Dr. Dere has served as the B. Lue and Hope S. Bettilyon Presidential Endowed Chair in Internal Medicine for Diabetes Research; Co-Director of the Center for Clinical and Translational Science; Executive Director of Personalized Health, and a Professor of Internal Medicine at the University of Utah Health Sciences Center since November 2014. He currently serves as a director of BioMarin Pharmaceutical Inc. and Ocera Therapeutics, Inc. We believe Mr. Dere is qualified to serve as a member of our Board because of his strong medical background and extensive experience in the pharmaceutical industry.

Kurt C. Graves has served on our Board since May 2011 and as Chairman of the Board since November 2011. Mr. Graves has been the Chairman, President and Chief Executive Officer of Intarcia Therapeutics, Inc., a biotechnology company, since April 2012, having previously served as Executive Chairman of Intarcia Therapeutics, Inc. from August 2010 to April 2012, and as Acting Chief Executive Officer from October 2011 to April 2012. Prior to Novartis, Mr. Graves held several commercial and general management positions at Merck, a pharmaceutical company, and Astra Merck/Astra Pharmaceuticals, each pharmaceutical companies, where he spent most of his time leading the GI Business Unit responsible for Prilosec® and Nexium®. Mr. Graves received a B.S. in Biology from Hillsdale College. We believe Mr. Graves is qualified to serve as a member of our Board because of his extensive experience in the life sciences industry, membership on various boards of directors and his leadership and management experience.

Anthony Rosenberg has served on our Board since March 2015. Mr. Rosenberg has been a Managing Director of MPM Capital, a venture capital firm, since April 2015. From January 2013 to February 2015, Mr. Rosenberg served as Corporate Head of M&A and Licensing at Novartis International, a pharmaceutical company. Mr. Rosenberg holds a B.Sc from the University of Leicester and an M.Sc in physiology from the University of London. We believe Mr. Rosenberg is qualified to serve as a member of our Board due to his extensive experience in mergers and acquisitions and licensing in the pharmaceutical sector.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed Ernst & Young LLP (“EY”) as our independent registered public accounting firm for the fiscal year ending December 31, 2017. Our Board has directed that this appointment be submitted to our stockholders for ratification. Although ratification of our appointment of EY is not required, we value the opinions of our stockholders and believe that stockholder ratification of our appointment is a good corporate governance practice.

EY also served as our independent registered public accounting firm for the fiscal year ended December 31, 2016. Neither the accounting firm nor any of its members has any direct or indirect financial interest in or any connection with us in any capacity other than as our auditors, providing audit and non-audit related services. A representative of EY is expected to attend the Annual Meeting, and will have the opportunity to make a statement and be available to respond to appropriate questions from stockholders.

In the event that the appointment of EY is not ratified by the stockholders, the Audit Committee will consider this fact when it appoints the independent auditors for the fiscal year ending December 31, 2018. Even if the appointment of EY is ratified, the Audit Committee retains the discretion to appoint a different independent auditor at any time if it determines that such a change is in the interests of Radius.

Vote required

This proposal requires the affirmative vote of the holders of a majority in voting power of the votes cast affirmatively or negatively (excluding abstentions) by the holders entitled to vote on the proposal. Abstentions will have no effect on the outcome of this proposal. Because brokers have discretionary authority to vote on the ratification of the appointment of EY, we do not expect any broker non-votes in connection with this proposal.

Independent Registered Public Accounting Firm Fees and Other Matters

The following table summarizes the fees of EY, our independent registered public accounting firm, for the fiscal years ended December 31, 2016 and 2015, in each of the following categories:

Fee Category	2016	2015
Audit Fees ⁽¹⁾	\$ 802,000	\$ 521,000
Audit-Related Fees ⁽²⁾	174,000	70,000
Tax Fees ⁽³⁾	212,000	49,000
Total Fees	<u>\$ 1,188,000</u>	<u>\$ 640,000</u>

1 “Audit Fees” consist of fees for the audit of our consolidated financial statements and review of the unaudited interim financial statements included in our quarterly reports on Form 10-Q during the years ended December 31, 2016 and 2015.

2 “Audit-Related Fees” consist of fees for assurance and related services that are reasonably related to the performance of the audit and the review of our financial statements and which are not reported under “Audit Fees.” Audit-Related Fees reported for the years ended December 31, 2016 and 2015 consisted primarily of the issuance of comfort letters and review of our registration statements on Form S-3 and Form S-8, current reports on Form 8-K and proxy statements.

3 “Tax Fees” comprise fees for tax compliance, tax advice and tax planning services. Tax compliance services, which relate to the review of our U.S. tax returns, accounted for \$35,000 and \$12,500 of the total tax fees for fiscal year 2016 and 2015, respectively.

Audit Committee Pre-Approval Policy and Procedures

The Audit Committee has adopted a policy (the “Pre-Approval Policy”) which sets forth the procedures and conditions pursuant to which audit and non-audit services proposed to be performed by our independent auditor may be pre-approved. The Pre-Approval Policy generally provides that we will not engage EY to render any audit, audit-related, tax or permissible non-audit service unless the service is either (i) explicitly approved by the Audit Committee (“specific pre-approval”) or (ii) entered into pursuant to the pre-approval policies and procedures described in the Pre-Approval Policy (“general pre-approval”). Unless a type of service to be provided by EY has received general pre-approval under the Pre-Approval Policy, it requires specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require specific pre-approval. On an annual basis, the Audit Committee reviews and generally pre-approves the services (and related fee levels or budgeted amounts) that may be provided by EY without first obtaining specific pre-approval from the Audit Committee. The Audit Committee may revise the list of general pre-approved services from time to time, based on subsequent determinations.

Recommendation

Our Board recommends that stockholders vote “FOR” the Ratification of the Appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm, and proxies solicited by the Board will be voted in favor thereof, unless a stockholder has indicated otherwise on the proxy.

AUDIT COMMITTEE REPORT

The information contained in this report is not “soliciting material,” is not deemed “filed” with the Commission and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing, except to the extent that Radius specifically incorporates it by reference into that filing.

The Audit Committee has reviewed the Company’s audited financial statements for the fiscal year ended December 31, 2016 and has discussed these financial statements with management of the Company and the Company’s independent registered public accounting firm. The Audit Committee has also received from, and discussed with, the Company’s independent registered public accounting firm various communications that the independent registered public accounting firm is required to provide to the Audit Committee, including the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board (“PCAOB”).

The Company’s independent registered public accounting firm has also provided the Audit Committee with a formal written statement required by PCAOB Rule 3526, *Communications with Audit Committees Concerning Independence*, describing all relationships between the independent registered public accounting firm and Company, including the disclosures required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm’s communications with the Audit Committee concerning independence. In addition, the Audit Committee discussed with the Company’s independent registered public accounting firm the accounting firm’s independence from the Company. Based on its discussions with management of the Company and the Company’s independent registered public accounting firm, and its review of the representations and information provided by management of the Company and the Company’s independent registered public accounting firm, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

PROPOSAL 3

ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

This proposal gives our stockholders the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers. Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), at our 2015 Annual Meeting of Stockholders, our stockholders cast an advisory vote with respect to the frequency of future stockholder advisory votes on executive compensation. Based on the results of that vote, Radius determined to hold the stockholder advisory vote on executive compensation annually.

As described in detail under the heading “Compensation Discussion and Analysis,” our executive compensation programs are designed to attract, motivate, and retain our named executive officers, who are critical to our success. Please read the “Compensation Discussion and Analysis” section of this proxy statement for additional details about our executive compensation programs. We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, is required by Section 14A of the Exchange Act and gives our stockholders the opportunity to express their views on the compensation of our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our compensation philosophy, policies and practices for named executive officers described in this proxy statement. Accordingly, we will ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, by a non-binding advisory vote, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2017 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion.”

The say-on-pay vote is advisory, and therefore not binding on the Company, the Board or the Compensation Committee. However, the Board and the Compensation Committee value the opinions of our stockholders and will take into consideration the advisory vote results when making decisions regarding executive compensation.

Vote required

This proposal requires the affirmative vote of the holders of a majority in voting power of the votes cast affirmatively or negatively (excluding abstentions) by the holders entitled to vote on the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Recommendation

Our Board recommends that stockholders vote “FOR” the Advisory Vote on the Compensation of our Named Executive Officers and proxies solicited by the Board will be voted in favor thereof, unless a stockholder has indicated otherwise on the proxy.

CORPORATE GOVERNANCE

General

Our Board has adopted Corporate Governance Guidelines, a Code of Conduct and Business Ethics and charters for our Nominating and Corporate Governance Committee, Audit Committee, Compensation Committee and Strategy Committee to assist the Board in the exercise of its responsibilities and to serve as a framework for the effective governance of the Company. You can access our current committee charters and our Code of Conduct and Business Ethics in the “Corporate Governance” section of the “Investors” page of our website located at www.radiuspharm.com, or by writing to our Secretary at our offices at 950 Winter Street, Waltham, Massachusetts, 02451.

Board Composition

Our Board of Directors currently consists of ten (10) members: Alan H. Auerbach, Willard H. Dere, M.D., Catherine J. Friedman, Ansbert Gadick, M.D., Jean-Pierre Garnier, Ph.D., Kurt C. Graves, Owen Hughes, Anthony Rosenberg, Debasish Roychowdhury, M.D., and Robert E. Ward. As indicated in our Restated Certificate of Incorporation, the authorized number of directors may be changed only by resolution of the Board. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. Our directors may be removed only for cause by the affirmative vote of the holders of at least two-thirds of the outstanding shares of our Common Stock.

Our Board is currently divided into three classes with staggered, three-year terms. At each annual meeting of stockholders, the successor to each director whose term then expires will be elected to serve from the time of election and qualification until the third annual meeting following election or such director’s death, resignation or removal, whichever is earliest to occur.

Director Independence

Our Board has affirmatively determined that each of Alan H. Auerbach, Willard H. Dere, M.D., Catherine J. Friedman, Ansbert Gadick, M.D., Jean-Pierre Garnier, Ph.D., Kurt C. Graves, Owen Hughes, Anthony Rosenberg, and Debasish Roychowdhury, M.D., is an “independent director,” as defined under NASDAQ rules. In evaluating and determining the independence of the directors, the Board considered the relationships that each such director has with our Company and all other facts and circumstances that the Board deemed relevant in determining their independence, including the beneficial ownership of our Common Stock by each such director.

Director Candidates

The Nominating and Corporate Governance Committee is responsible for searching for qualified director candidates for election to the Board and filling vacancies on the Board. To facilitate the search process, the Nominating and Corporate Governance Committee may solicit our current directors and executives for the names of potentially qualified candidates or ask directors and executives to pursue their own business contacts for the names of potentially qualified candidates. The Nominating and Corporate Governance Committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates, or consider director candidates recommended by our stockholders. Once potential candidates are identified, the Nominating and Corporate Governance Committee reviews the backgrounds of those candidates, evaluates candidates’ independence from the Company and potential conflicts of interest and determines if candidates meet the qualifications desired by the committee of candidates for election as director. To the extent feasible, candidates are interviewed by the Nominating and Corporate Governance Committee, other members of the Board, and members of our executive management.

In considering whether to recommend any particular candidate for inclusion in the Board’s slate of recommended Director nominees, the Nominating and Corporate Governance Committee will apply the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate’s integrity, ethics and values; practical business judgment; experience in corporate management and finance; relevant social policy concerns; professional and academic experience relevant to our industry and operations; and experience as a board member or executive officer of another publicly held company. The Nominating and Corporate Governance Committee also considers the candidate’s diversity of expertise and experience in substantive matters pertaining to our business relative to other Board members, as well as diversity of background and perspective, including, but not limited to, with respect to age, gender, race, place of residence and specialized experience. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate our success and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee may also consider the director’s past attendance at meetings and participation in and contributions to the activities of the Board.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential Director candidates by submitting the names of the recommended individuals, together with appropriate biographical information and

background materials, to the Nominating and Corporate Governance Committee, c/o Secretary, Radius Health, Inc., 950 Winter Street, Waltham, Massachusetts, 02451. In the event there is a vacancy, and assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate candidates recommended by stockholders by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Communications from Stockholders

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our Secretary is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the Directors as he considers appropriate.

Communications are forwarded to all Directors if they relate to important substantive matters and include suggestions or comments that our Secretary and Chairman of the Board consider to be important for the Directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications. Stockholders who wish to send communications on any topic to the Board should address such communications to the Board of Directors by writing: c/o Secretary, Radius Health, Inc., 950 Winter Street, Waltham, Massachusetts, 02451.

For a stockholder communication directed to an individual Director in his or her capacity as a member of the Board, stockholders may send such communication to the attention of the individual Director by writing: c/o Chairman of the Board, Radius Health, Inc., 950 Winter Street, Waltham, Massachusetts, 02451. We will forward any such stockholder communication to each Director, and the Chairman in his capacity as a representative of the Board, to whom such stockholder communication is addressed, unless there are safety or security concerns that mitigate against further transmission.

Board Leadership Structure and Role in Risk Oversight

Our Board is currently chaired by Mr. Graves. Our Board believes that separation of the positions of Chairman and Chief Executive Officer reinforces the independence of the Board from management, creates an environment that encourages objective oversight of management's performance and enhances the effectiveness of the Board as a whole. As such, Mr. Ward serves as our President and Chief Executive Officer while Mr. Graves serves as the Chairman of the Board but is not an officer of the Company.

Our Board and Board committees have an active role in overseeing management of our risks. The Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. Our Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. Our Audit Committee oversees management of financial risks. The Nominating and Corporate Governance Committee manages risks associated with the independence of the Board and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board stays regularly informed through committee reports about such risks. The Board does not believe that its role in the oversight of our risks affects the Board's leadership structure.

Code of Ethics

We have adopted a Code of Conduct and Business Ethics (the "Code") that applies to all of our directors, officers and employees. A copy of the Code is available on our website at www.radiuspharm.com in the "Corporate Governance" section of the "Investors" page. In addition, we intend to post on our website all disclosures that are required by SEC rules and/or NASDAQ rules concerning any amendments to, or waivers from, any provision of the Code.

Director Attendance at Board and Committee Meetings

There were eight meetings of the Board during the fiscal year ended December 31, 2016. During the fiscal year ended December 31, 2016, each Director attended at least 75% of the aggregate of all meetings of the Board and committees on which the Director served during the period in which he or she was on the Board or Committee, except for Alan Auerbach.

Currently, we do not maintain a formal policy regarding director attendance at the Annual Meeting; however, it is expected that absent compelling circumstances directors will attend. Nine directors attended our 2016 Annual Meeting of Stockholders in person.

Executive Sessions

As provided in our Corporate Governance Guidelines, our non-management directors meet in executive session without management directors or management present on a regularly scheduled basis, but no less than twice per year. In addition, our Corporate Governance Guidelines provide that our independent directors must also meet separately at least once per year in an executive session.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (“CD&A”) provides an overview and analysis of the compensation awarded to or earned by our named executive officers (“NEOs”) during 2016, including the elements of our executive compensation program, material compensation decisions made under that program during 2016 and the material factors considered in making those decisions.

Our NEOs for 2016 were:

Name	Position
Robert E. Ward	President, Chief Executive Officer (“CEO”) and Director
B. Nicholas Harvey	Senior Vice President, Chief Financial Officer and Treasurer
Lorraine Fitzpatrick, M.D.	Chief Medical Officer
David Snow	Chief Commercial Officer
Gregory Williams, Ph.D.	Chief Development Officer

Compensation Philosophy and Objectives

We intend that total compensation for our NEOs reflect a “pay for performance” compensation philosophy. Total compensation is allocated between several compensation elements, taking into consideration the balance between providing short- and long-term incentives related to our financial and operational performance, in a manner intended to align the interests of our NEOs with the interests of our stockholders, reward value creation and provide competitive pay and benefits to our NEOs. Variable incentive compensation is a key component of our compensation strategy and helps to ensure that total compensation reflects the overall success or failure of our Company.

To achieve our compensation objectives, we provide executives with a total compensation package consisting primarily of the following fixed and variable compensation elements:

Compensation Element	Purpose
Base Salary	Recognize performance of job responsibilities and attract and retain individuals with superior talent
Annual Cash Incentive Program	Provide short-term incentives to attain key business objectives
Equity Incentive Awards	Promote the maximization of stockholder value by aligning the interests of our executive officers and stockholders

Stockholder Say-On-Pay Votes

At our 2016 Annual Meeting of Stockholders held on May 24, 2016, we provided our stockholders with the opportunity to cast an advisory vote on the compensation of our NEOs. Approximately 97% of the votes cast on our “say on pay” vote were voted in favor of the proposal. We have considered the results of this vote and believe the support of our stockholders for the proposal indicates that our stockholders are generally supportive of our approach to executive compensation. Accordingly, we did not make changes to our executive compensation arrangements in response to the vote or to our compensation policies. In the future, we will continue to consider the outcome of our “say on pay” votes when making compensation decisions regarding our NEOs and determining compensation policies.

Determination of Compensation Awards

Our Compensation Committee has principal authority for determining and approving, or recommending to our Board for approval, the compensation awards available to our NEOs and is charged with reviewing our executive compensation policies and practices to ensure adherence to our compensation philosophies and objectives. In determining 2016 executive compensation, the Compensation Committee consulted with our President and Chief Executive Officer and considered advice and data provided by the Company’s independent compensation consultant, Radford, an Aon Hewitt company (“Radford”). Refer to “Role of Compensation Consultant in Determining Executive Compensation” and “Role of Executive Officers in Determining Executive Compensation” below for additional information. Radford assisted with benchmarking the compensation of our senior executives by providing peer group and market information to support the Company and Compensation Committee in determining fully competitive and appropriate pay levels.

We believe that direct ownership in our Company provides our NEOs with a strong incentive to increase the value of our Company. We do not currently have any formal stock ownership guidelines, but we have historically encouraged equity ownership by NEOs through awards of stock options. We believe these awards align the interests of our NEOs with those of our stockholders.

Role of Compensation Consultant in Determining Executive Compensation

Our Compensation Committee has the sole authority under its charter to engage the services of a consulting firm or other outside advisor to assist it in designing our compensation programs and in making executive compensation decisions. Our Compensation Committee engaged Radford as its compensation consultant and, when making executive compensation decisions in 2016, our Compensation Committee considered advice and data provided by Radford. Radford provided the Compensation Committee with peer group and market information that the Compensation Committee used when determining whether our executive compensation is competitive, commensurate with the executive officers' responsibilities and consistent with market trends in executive compensation practices for comparable companies. Radford also provides services to us that are unrelated to executive compensation. The Compensation Committee has considered the adviser independence factors required under SEC rules and the NASDAQ listing standards as they relate to Radford and does not believe Radford's work raised a conflict of interest.

In connection with the Compensation Committee's review of our executive compensation programs in November 2015, Radford conducted and presented to the Compensation Committee an assessment of our 2015 peer group, taking into account the progress of the Company in advancing its development programs and its growth. In particular, the Compensation Committee considered new selection criteria for the peer group to include companies with products under regulatory review or in the early stage of commercialization. In performing this competitive assessment, Radford used a peer group selected by the Compensation Committee in consultation with Radford based on revenue, industry and executive role considerations. As a result of that assessment, the peer group was updated for 2016 to be comprised of the following 19 publicly traded companies in the pharmaceutical, biotechnology and life sciences industries that represent competitors for executive talent and capital:

ACADIA Pharmaceuticals	Dyax	NewLink Genetics
Alnylam Pharmaceuticals	Exelixis	Ophthotech
Anacor Pharmaceuticals	INSYS Therapeutics	Portola Pharmaceuticals
bluebird bio	Intercept Pharmaceuticals	Tesaro
Celldex Therapeutics	Ironwood Pharmaceuticals	Ultragenyx Pharmaceutical
Chimerix	Lexicon Pharmaceuticals	
Clovis Oncology	Neurocrine Biosciences	

The Compensation Committee recognizes the very competitive market for executive talent in our industry, and the importance of attracting and retaining strong talent as our business continues to evolve. Our positioning on compensation is intended to keep the Company competitive while strongly incentivizing performance and appropriately controlling executive compensation cost.

In connection with the Compensation Committee's review of our executive compensation programs in August 2016, Radford conducted and presented to the Compensation Committee a competitive assessment of our compensation program for executive officers with respect to pay philosophies, pay mix, cash and equity-linked compensation. In performing this competitive assessment, Radford used a peer group selected by the Compensation Committee in consultation with Radford based on revenue, industry and executive role considerations.

The peer group that was used when determining 2017 compensation for our NEOs was comprised of the following 22 publicly traded companies in the pharmaceutical, biotechnology and life sciences industries that represent competitors for executive talent and capital:

ACADIA Pharmaceuticals	INSYS Therapeutics	Portola Pharmaceuticals
Alnylam Pharmaceuticals	Intercept Pharmaceuticals	Puma Biotechnology
Anacor Pharmaceuticals	Ironwood Pharmaceuticals	Spark Therapeutics
bluebird bio	Lexicon Pharmaceuticals	Tesaro
Celldex Therapeutics	Neurocrine Biosciences	The Medicines Company
Chimerix	NewLink Genetics	Ultragenyx Pharmaceutical
Clovis Oncology	Ophthotech	
Exelixis	Pacira Pharmaceuticals	

Role of Executive Officers in Determining Executive Compensation

Our President and Chief Executive Officer made recommendations to the Compensation Committee to assist it in determining 2016 compensation levels for our other executive officers. In addition, our President and Chief Executive Officer provided the Compensation Committee with a review of the performance of our other executive officers. While the Compensation Committee utilized this information and valued management's observations with regard to compensation, the ultimate decisions regarding 2016 executive compensation were made by the Compensation Committee or the Board upon the recommendation of the Compensation Committee.

Components of Compensation

Our executive compensation program consists of three primary components: base salary, annual performance-based cash incentive awards and periodic equity-based incentives, typically in the form of stock options.

Base Salary

The annual base salary for each of our NEOs was initially established through arm's length negotiations at the time the executive was hired, based on an assessment of market data and the experience of the candidate, in order to develop a compensation package, including base salary, that was necessary to attract and retain each individual.

The Compensation Committee periodically reviews and evaluates, with input from our President and Chief Executive Officer, other than with respect to his own salary, the need for adjustment of the base salaries of our NEOs based on changes and expected changes in the scope of an executive's responsibilities, including promotions, individual contributions made by and performance of the executive during the prior fiscal year, the executive's performance over a period of years, overall labor market conditions, the relative ease or difficulty of replacing the executive with a well-qualified person, our overall growth and development as a company and general salary trends in our industry. No specific weight is assigned to any of these criteria. In reviewing Mr. Ward's base salary for 2017, the Compensation Committee also sought to align Mr. Ward's base salary approximately at the median of the market, based on our peer group and broader market data in order to emphasize pay for performance.

The following table sets forth the base salaries of our NEOs for 2016 and 2017.

Name	2016 Base Salary (\$)	2017 Base Salary (\$)	Percent Change¹
Robert E. Ward	525,471	600,000	14%
B. Nicholas Harvey	332,700	332,700	0%
Lorraine Fitzpatrick, M.D.	378,000	389,300	3%
David Snow	396,600	425,000	7%
Gregory Williams, Ph.D.	372,100	398,000	7%

¹ Represents the percentage change in base salary from the prior year. Base salaries are effective January 1 of the given year.

Annual Performance-Based Cash Incentives

We believe that the payment of annual, performance-based cash compensation provides incentives necessary to retain executive officers and reward them for short-term company performance. Each NEO is eligible to receive an annual performance-based cash bonus based on achievement of performance goals developed by our Compensation Committee or Board with input from our President and Chief Executive Officer. Each NEO has a target annual bonus award amount, expressed as a percentage of the NEO's base salary. After the year is completed, the Compensation Committee reviews actual performance against the stated goals and determines subjectively what it believes to be the appropriate level of cash bonus, if any, for our NEOs. For 2016, the actual bonus amounts for our NEOs were approved by our Compensation Committee.

Our corporate, financial and operational goals for 2016 were:

1. Achieve regulatory objectives for our abaloparatide subcutaneous injection product candidate ("abaloparatide-SC");
2. Achieve U.S. launch readiness for abaloparatide-SC;
3. Achieve business development objectives;
4. Achieve pipeline development objectives; and
5. Achieve year-end financial status consistent with the Board approved budget.

In February 2017, the Compensation Committee met to review performance against the Company's 2016 goals. The Compensation Committee determined that the Company had met substantially all of the goals set for 2016, including that the Company had met the goal to achieve year-end financial status consistent with the approved budget by ending 2016 with \$332.4 million in cash, cash equivalents and marketable securities. In addition, the Compensation Committee concluded that the Company had exceeded the goal regarding achieving pipeline development objectives by reporting positive Phase 1 clinical trial results for elacestrant (RAD1901), our breast cancer product candidate; presenting proof of concept data for our abaloparatide transdermal patch product candidate; and finishing enrollment of our Phase 2b clinical trial of elacestrant in vasomotor symptoms. Overall, the Compensation Committee determined that actual corporate performance was one hundred percent (100%) of target.

The Compensation Committee also reviewed each individual NEO's performance within his or her area of responsibility and, based on the individual's performance against, and contribution to achievement of, our corporate goals and the scope of the executive officer's area of responsibility, as well as the collective business judgment and industry experience of the individual Compensation Committee members, the Compensation Committee approved the bonuses for our NEOs set forth in the table below.

Name	2016 Target Bonus		2016 Actual Bonus	
	% of Base Salary	\$	% of Base Salary	\$
Robert E. Ward	60%	315,283	60%	315,283
B. Nicholas Harvey	40%	133,080	40%	133,080
Lorraine Fitzpatrick, M.D.	40%	151,200	40%	151,200
David Snow	40%	158,640	48%	190,368
Gregory Williams, Ph.D.	40%	148,840	48%	178,608

Equity-Based Awards

Our Compensation Committee believes that employees in a position to make a substantial contribution to the long-term success of our Company should have a significant and ongoing stake in our Company. Equity awards not only compensate but also motivate and encourage retention of key employees by providing an opportunity for the recipients to participate in the ownership of the company. In addition, we believe equity awards align the interests of key employees with the interests of our stockholders.

We have historically made initial awards of stock options to our NEOs upon their commencing employment with us and from time to time thereafter as the Board or Compensation Committee determined appropriate to motivate, retain and reward our NEOs for their performance and our success. Stock options have been tied to both time and performance based vesting conditions. Generally, our time-based stock options vest as to 25% of the underlying shares on the first anniversary of the date of grant (or employment commencement for initial awards) and in 36 monthly installments during the three years thereafter, subject to the holder's continued service to the Company through each applicable vesting date. Our performance-based stock options are eligible to vest based on achievement of key performance milestones selected by our Board or Compensation Committee with the intent of increasing stockholder value and encouraging long-term commitment to our success.

The Compensation Committee evaluates various factors when determining the precise number of equity-based awards to grant to our NEOs, including the base salary and target annual cash incentive opportunity of the NEO, the value of the total compensation package the Compensation Committee deems appropriate to attract and retain highly qualified NEOs in light of the competitive environment, the NEO's ability to influence and create long-term stockholder value and, with respect to awards granted to our NEOs from time to time after they have commenced employment, the equity-based holdings of the NEO and the individual's personal experience and performance in recent periods.

The following table sets forth the amount and terms of the stock options awarded to our NEOs in 2016.

Name	Grant Date	Number of Option Awards Granted ¹
Robert E. Ward	2/10/16	156,250
B. Nicholas Harvey	2/10/16	62,500
Lorraine Fitzpatrick, M.D.	2/10/16	75,000
David Snow	2/10/16	75,000
Gregory Williams, Ph.D.	2/10/16	75,000

¹ These stock options vested as to 25% of the underlying shares on February 10, 2017, and the remainder of the stock options vest as to 1/48th of the underlying shares on the same day of each of the 36 consecutive months thereafter, subject to continued service to the Company through each applicable vesting date.

All of the awards detailed above were granted with an exercise price equal to the closing price of our Common Stock on the option grant date. For a discussion of the impact that certain terminations of employment would have on the vesting of these awards, refer below to the heading “Potential Payments upon Termination or Change in Control.”

Retirement Programs

We maintain a tax-qualified 401(k) defined contribution plan in which substantially all of our full-time employees, including our NEOs, are eligible to participate. We provide an employer matching contribution equal to 100% of a participant’s eligible contributions of up to 3% of eligible compensation and 50% of the next 2% of eligible compensation, subject to limits established by the Internal Revenue Code. All matching contributions are fully vested when made. Our 401(k) plan is intended to provide our employees, including our NEOs, with an opportunity for tax-efficient retirement savings and long-term financial security. We do not maintain any defined benefit pension plans, non-qualified deferred compensation plans or other special or supplemental executive retirement programs.

Employee Benefits and Perquisites

Our NEOs are eligible to participate in our employee benefit plans and programs, including our employee stock purchase plan and our medical and dental benefits, flexible spending accounts and short- and long-term disability and life insurance, to the same extent as our other full-time employees, with the exception of maximum coverage limits under our life insurance plan, subject to the terms and eligibility requirements of those plans. We believe that the availability of our broad-based employee benefit programs enhances employee morale and loyalty. We do not generally provide perquisites or other personal benefits or tax “gross-ups” or reimbursements to our NEOs, although we have from time to time reimbursed relocation expenses for executive officers whom we require to relocate when performing their duties for us.

Employment and Severance Arrangements

We consider maintenance of a strong management team essential to our success. To that end, we recognize that the uncertainty which may exist among management with respect to their “at-will” employment with us could result in the departure or distraction of management personnel to our detriment. Accordingly, our Board and Compensation Committee have determined that severance arrangements are appropriate to encourage the continued attention and dedication of our executive management team and to allow them to focus on the value to stockholders of strategic alternatives without concern for the impact on their continued employment.

Each of our NEOs has entered into an agreement that entitles the NEO to severance payments and benefits in the event of certain terminations of employment or upon a change in control of our Company. In 2015, the Compensation Committee determined it was appropriate to develop standard severance protections for all of our management employees, including our NEOs other than Mr. Ward, which we collectively refer to as our “Other NEOs.” Mr. Ward’s severance protections are set forth in his employment agreement. The terms of these severance agreements and Mr. Ward’s employment agreement are described below under the heading “Potential Payments upon Termination or Change in Control.” In addition, all of our NEOs have executed confidentiality and non-competition agreements pursuant to which they have agreed not to disclose our confidential information during or after their employment with us or compete with us or solicit our customers or employees for a period of one year following termination or, for Mr. Ward, the longer of one year and the period during which Mr. Ward receives severance payments under his employment agreement.

Anti-Hedging Policy

Our insider trading compliance policy prohibits all of our employees, including our executive officers, and our directors from engaging in speculative transactions in our stock, including hedging transactions, short sales and pledges.

The remainder of the stock option vests in substantially equal installments on the 16th day of each of the 36 consecutive months beginning January 16, 2015, subject to Mr. Ward’s continued employment with the Company on each applicable vesting date. The option is also eligible for accelerated vesting as to 25% of the unvested shares upon our obtaining FDA approval for abaloparatide during Mr. Ward’s employment term, with the 25% portion taken pro rata from the unvested shares subject to the option and the remaining unvested shares continuing to vest as described in the previous sentence. In addition, if a change in control of the Company occurs during Mr. Ward’s employment term, 50% of the outstanding unvested shares subject to the option as of the date of the change in control will become fully vested. This stock option is also eligible for accelerated vesting in connection with certain terminations of Mr. Ward’s employment, as described below under the heading “Potential Payments upon Termination or Change in Control.”

- 5 These PUs, if earned, entitle Mr. Snow to receive one share of our Common Stock if and when the PU vests. The PUs are earned, if at all, in three increments of 5,000 units, 10,000 units and 10,000 units if the average price of our Common Stock on the NASDAQ Global Market measured over a measurement period of 45 consecutive trading days ending no later than September 9, 2018 exceeds \$75, \$100 and \$120, respectively. Earned units vest on, and are converted into shares of our Common Stock after, the first anniversary of the final day of the measurement period with respect to which the units were earned. If Mr. Snow's employment is terminated without cause or due to his resignation for good reason within 12 months following a change in control, any unearned or unvested units will be deemed immediately earned and vested.

Potential Payments upon Termination or Change In Control

We maintain compensation and benefit plans and arrangements that provide payment of compensation to our NEOs in the event of certain terminations of employment or a change in control of our Company. The amount of compensation payable to our NEOs in these situations is described below.

Employment and Severance Agreements

Each of our NEOs has entered into an employment or severance agreement that entitles the NEO to severance payments and benefits in the event of certain terminations of employment or upon a change in control of our Company.

Robert E. Ward

On December 16, 2013, we entered into an employment agreement with Mr. Ward, which was amended on July 1, 2015, pursuant to which Mr. Ward serves as our President and Chief Executive Officer. The agreement, as amended, provides that in the event Mr. Ward's employment is terminated by us without cause or due to Mr. Ward's resignation for good reason, then subject to his executing a general release of claims and continued compliance with the terms of his employee confidentiality and non-compete agreement, Mr. Ward will be entitled to receive:

- base salary continuation payments for 12 months;
- payment of continued medical care premiums for up to 12 months;
- any unpaid annual bonus for the year prior to the year in which his termination occurs, based upon actual performance and payable in a lump sum;
- a pro-rata portion of his bonus for the performance year in which Mr. Ward's termination occurs, based on actual performance or, if the termination occurs on or before to the date upon which performance goals for the bonus are established, on Mr. Ward's target bonus, in either case, payable in a lump sum; and
- accelerated vesting of 25% of the shares subject to the option to purchase 793,974 shares of our Common Stock granted to Mr. Ward on February 16, 2014 (the "Option") and up to nine months following the termination of his employment to exercise the Option.

If Mr. Ward's employment is terminated without cause or due to his resignation for good reason within 24 months following a change in control of our Company, then subject to his executing a general release of claims and continued compliance with the terms of his employee confidentiality and non-compete agreement, in lieu of the severance benefits described above, Mr. Ward will be entitled to receive:

- base salary continuation payments for 18 months;
- payment of continued medical care premiums for up to 18 months;
- any unpaid annual bonus for the year prior to the year in which his termination occurs, based upon actual performance and payable in a lump sum;
- payment of 150% of his target annual bonus for the year in which his termination occurs; and
- accelerated vesting of all outstanding Company equity awards and up to nine months following the termination of his employment to exercise those awards.

If Mr. Ward's employment terminates due to his death or disability, he will be entitled to receive:

- any unpaid annual bonus for the year prior to the year in which his termination occurs, based upon actual performance and payable in a lump sum; and
- a pro-rata portion of his bonus for the performance year in which Mr. Ward's termination occurs, based on actual performance or, if the termination occurs on or before to the date upon which performance goals for the bonus are established, on Mr. Ward's target bonus, in either case, payable in a lump sum.

Other NEOs

During 2015, we entered into severance agreements with each of our Other NEOs. Each agreement provides that if the NEO's employment is terminated without cause or due to his or her resignation for good reason, then subject to the NEO executing a general release of claims and continuing to comply with the terms of his or her employee confidentiality and non-compete agreement, the NEO will be entitled to receive:

- base salary continuation for 6 months, and for Dr. Williams, 9 months;
- payment of continued medical care premiums for up to 6 months; and
- any unpaid annual bonus for the year prior to the year in which his or her termination occurs, based upon actual performance and payable in a lump sum.

If the NEO's employment is terminated without cause or due to his or her resignation for good reason within 12 months following a change in control of our Company, then subject to the NEO executing a general release of claims and continuing to comply with the terms of his or her employee confidentiality and non-compete agreement, in lieu of the above severance benefits, the NEO will be entitled to receive:

- base salary continuation payments for 12 months;
- payment of continued medical care premiums for up to 12 months;
- any unpaid annual bonus for the year prior to the year in which his or her termination occurs, based upon actual performance and payable in a lump sum;
- payment of his or her target annual bonus for the year in which termination occurs; and
- accelerated vesting of all outstanding unvested Company equity awards that vest solely based on the passage of time.

For purposes of Mr. Ward's employment agreement and our Other NEOs' severance agreements:

- "cause" is generally defined to include, subject to certain notice and cure rights: (i) commission of an act of fraud, embezzlement or theft against the Company or its subsidiaries; (ii) conviction of, or a plea of no contest to, a felony or, for our Other NEOs, a crime involving moral turpitude; (iii) willful nonperformance of material duties as an employee of the Company; (iv) material breach of any material agreement between the executive and the Company or any of its subsidiaries (including, for Mr. Ward, his employment agreement); (v) the gross negligence, willful misconduct or any other act of willful disregard for the Company's or any of its subsidiaries' best interests; or (vi) for our Other NEOs, unlawful use (including being under the influence) or possession of illegal drugs on the Company's (or any of its affiliate's) premises;
- "good reason" is generally defined to include, if the NEO has provided timely notice, the Company has failed within 30 days to cure the condition, if curable, and the NEO timely resigns, the following occurrences without the NEO's consent: (i) a material reduction in base salary or target bonus; (ii) a material diminution in duties, responsibilities, authority or, for Mr. Ward, title; (iii) for Mr. Ward, a requirement to report to a corporate officer or employee instead of reporting directly to the Board, other than any such requirement following a change in control, or a material breach of his employment agreement; (iv) a requirement that the NEO relocate to a principal place of employment more than seventy-five (75) miles from, for our Other NEOs, the location immediately prior to such relocation, or, for Mr. Ward, Cambridge, Massachusetts; (v) for Mr. Ward, the Company's removal or failure to appoint him as a member of the Board, other than following a change in control; and (vi) for our Other NEOs, the failure of the Company to obtain an agreement from any successor to all or substantially all of the business or assets of the Company to assume the severance agreement; and
- "change in control" means a change of control within the meaning of our 2011 Equity Incentive Plan.

- 1 If any amounts payable to any of our NEOs in connection with a change in control would be subject to excise taxes under Section 4999 of the Internal Revenue Code, the amounts will be reduced to the extent the reduction results in such executive retaining a larger after-tax amount of such payments or benefits than would be retained absent the reduction. The amounts shown in this table for our NEOs assume no such reduction would apply.
- 2 Because this table assumes the given event occurred on December 31, 2016, the prorated amounts shown in this column reflect the full 2016 bonuses. Actual bonus payments in the given circumstances would be prorated based on the portion of the year elapsed on the date the event occurred.
- 3 For option awards, reflects the excess, if any, of the market price of \$38.03 of our Common Stock on December 30, 2016 over the exercise price of the applicable stock option, multiplied by the number of unvested shares which vest upon the given event. For Mr. Snow's PUs, reflects the market price of \$38.03 of our Common Stock on December 30, 2016 multiplied by the number of units that would vest upon the occurrence of the given event.
- 4 Upon a change in control, 50% of the outstanding then-unvested shares subject to the Option would vest.

- 5 Upon Mr. Ward's termination due to death or disability, Mr. Ward would be entitled to a prorated portion of his bonus for the performance year in which the termination occurs, based on actual performance or, if the termination occurs on or before to the date upon which performance goals for the bonus are established, on target bonus, in either case, payable in a lump sum.
- 6 Upon Mr. Ward's termination without cause or resignation for good reason, other than in connection with a change in control, Mr. Ward would be entitled to (a) base salary continuation payments for 12 months, (b) payment of continued medical care premiums for up to 12 months, (c) any unpaid annual bonus for the year prior to the year in which his termination occurs, based upon actual performance and payable in a lump sum, (d) a pro-rata portion of his bonus for the performance year in which termination occurs, based on actual performance or, if the termination occurs on or before to the date upon which performance goals for the bonus are established, on target bonus, in either case, payable in a lump sum, and (e) accelerated vesting of 25% of the shares subject to the Option and up to nine months following the termination of his employment to exercise the Option.
- 7 Upon Mr. Ward's termination without cause or resignation for good reason within 24 months following a change in control of the Company, Mr. Ward would be entitled to receive (a) base salary continuation payments for 18 months, (b) payment of continued medical care premiums for up to 18 months, (c) any unpaid annual bonus for the year prior to the year in which his termination occurs, based upon actual performance and payable in a lump sum, (d) payment of 150% of his target annual bonus for the year in which termination occurs and (e) accelerated vesting of all outstanding Company equity awards and up to nine months following the termination to exercise those awards.
- 8 Upon the NEO's termination without cause or resignation for good reason, whether or not in connection with a change in control, the NEO would be entitled to (a) base salary continuation payments for 6 months, and for Dr. Williams, 9 months, (b) payment of continued medical care premiums for up to 6 months and (c) any unpaid annual bonus for the year prior to the year in which his or her termination occurs, based upon actual performance and payable in a lump sum.
- 9 Upon the NEO's termination without cause or resignation for good reason within 12 months following a change in control of the Company, the NEO would be entitled to receive (a) base salary continuation payments for 12 months, (b) payment of continued medical care premiums for up to 12 months, (c) any unpaid annual bonus for the year prior to the year in which the NEO's termination occurs, based upon actual performance and payable in a lump sum, (d) payment of the NEO's annual target bonus for the year in which termination occurs, and (e) accelerated vesting of all outstanding Company equity awards that vest solely based on the passage of time. In addition, if Mr. Snow's employment is terminated without cause or due to his resignation for good reason within 12 months following a change in control, any unearned or unvested PUs will be deemed immediately earned and vested. For additional details regarding the PUs, please see "Executive Compensation—Compensation Discussion and Analysis—Components of Compensation—Equity-Based Awards."
- 10 Represents amounts that would be payable under Company provided life insurance policies upon the NEO's death.
- 11 Dr. Williams did not have health insurance coverage through the Company on December 31, 2016.

Compensation Risk Assessment

We have analyzed the potential risks arising from our compensation policies and practices and determined that there are no such risks that are reasonably likely to have a material adverse effect on the Company.

EQUITY COMPENSATION PLAN INFORMATION

¹ Includes 25,000 shares issuable under our 2011 Equity Incentive Plan upon vesting of outstanding PUs and 56,250 shares issuable under our 2011 Equity Incentive Plan upon vesting of outstanding restricted stock units.

² Does not take into account outstanding restricted stock units or PUs as these awards have no exercise price.

³ The purchase rights accruing under our 2016 Employee Stock Purchase Plan (the "Purchase Plan") (and therefore the exercise price and number of shares to be purchased under the Purchase Plan) are not determined until the end of the applicable purchase period. The number of shares authorized for issuance under the Purchase Plan will be annually increased on January 1 of each year during the term of the Purchase Plan, beginning on January 1, 2017 and ending on and including January 1, 2026, by an amount equal to the lesser of (a) 1% of the shares of Common Stock outstanding on the final day of the immediately preceding calendar year and (b) such smaller number of shares as is determined by our Board. The maximum aggregate number of shares issuable under the Purchase Plan is 4,298,424.

⁴ Consists of shares authorized for issuance pursuant to individual stock option awards granted on each of March 7, 2016, March 28, 2016 and May 8, 2016 to certain individuals to induce such individuals to accept employment with the Company.

DIRECTOR COMPENSATION

Directors who are also employees of our Company do not receive compensation for their service on the Board. Our non-employee directors are eligible for compensation under our non-employee director compensation program. The Board may amend or terminate the program at any time. The program is intended to provide a total compensation package that enables us to attract and retain qualified and experienced individuals to serve as directors and to align our directors' interests with those of our stockholders.

Under the program, non-employee directors receive a cash retainer for service on the Board and for service on each committee of which the director is a member. Cash retainers are payable quarterly in arrears and prorated for partial periods of service. The annual retainers paid under the program for 2016 were as follows:

Non-Employee Director:	\$ 50,000
Independent Chairman:	\$ 25,000
Chair of Audit Committee:	\$ 20,000
Chair of Compensation Committee:	\$ 15,000
Chair of Strategy Committee:	\$ 15,000
Chair of Nominating and Corporate Governance Committee:	\$ 10,000
Audit Committee Member (other than Chair):	\$ 10,000
Compensation Committee Member (other than Chair):	\$ 7,500
Strategy Committee Member (other than Chair):	\$ 7,500
Nominating and Corporate Governance Committee Member (other than Chair):	\$ 5,000

Our non-employee director compensation program also provides for an initial and annual award of stock options. Effective January 1, 2016, each non-employee director initially elected or appointed to serve on our Board will be granted an option to purchase 30,000 shares of our Common Stock on the date the director commences service. This option vests in substantially equal installments on each of the first four anniversaries of the date of grant, subject to the recipient's continued service as a non-employee director through each vesting date. In March 2016, the Board amended the non-employee director compensation program to align the timing of the annual award of stock options with the timing of the annual incentive equity awards for our executive officers. In connection therewith, in March 2016 each non-employee member of the Board was granted an annual option award to purchase 27,500 shares of our Common Stock (the "March Award"). The March Award was contingent on shareholder approval of our amended and restated 2011 Equity Incentive Plan at our 2016 Annual Meeting of Stockholders held on May 24, 2016, and replaced an earlier annual option award granted to each non-employee member of the Board in February 2016, which was cancelled for no value. The March Award vested in full in March 2017.

Beginning January 1, 2017, each non-employee director who has been serving on the Board as a non-employee director for at least three months as of the grant date of the annual incentive equity awards for the Company's executive officers shall be granted an option to purchase 27,500 shares of our Common Stock. This option vests in full on the first anniversary of the date of the grant, subject to continued service as a non-employee director through the vesting date. All options held by our non-employee directors vest upon a change of control of the Company, as the term is defined in our 2011 Equity Incentive Plan.

We also reimburse our non-employee directors for reasonable travel and out-of-pocket expenses incurred in connection with attending Board and committee meetings.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policies and Procedures for Related Party Transactions

Our Board has adopted a written related party transaction policy to set forth the policies and procedures for the review and approval or ratification of related party transactions. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K, any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which we were or are to be a participant, where the amount involved exceeds \$120,000 and a related party had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related party or entities in which the related party has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related party.

Under the policy, management is required to present to the Audit Committee each proposed related party transaction. The Audit Committee reviews the relevant facts and circumstances of each such transaction and either approves or disapproves the transaction. If advance Audit Committee approval of a related party transaction is not feasible, then the transaction may be preliminarily entered into by management upon prior approval by the Chair of the Audit Committee subject to ratification of the transaction by the Audit Committee at the Audit Committee's next regularly scheduled meeting. Any related party transaction must be approved or ratified by the Audit Committee in order to be consummated or continue, as applicable. Management is responsible for updating the Audit Committee as to any material changes to any approved or ratified related party transaction and for providing a status report at least annually of all current related party transactions at a regularly scheduled meeting of the Audit Committee. No director may participate in approval of a related party transaction in which he or she is a related party.

The following are certain transactions, arrangements and relationships with our directors, executive officers and stockholders owning 5% or more of our outstanding Common Stock.

Indemnification

Pursuant to our Amended and Restated Bylaws, we indemnify our directors and our executive officers to the fullest extent permitted by law so that they will be free from undue concern about personal liability in connection with their service to the Company. We have also entered into agreements with our directors contractually obligating us to provide this indemnification to them.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and stockholders who beneficially own more than 10% of any class of our equity securities registered pursuant to Section 12 of the Exchange Act (collectively, the "Reporting Persons") to file initial statements of beneficial ownership of securities and statements of changes in beneficial ownership of securities with respect to our equity securities with the SEC. All Reporting Persons are required by SEC regulations to furnish us with copies of all reports that such Reporting Persons file with the SEC pursuant to Section 16(a). Based solely on our review of the copies of such forms received by us and upon written representations of the Reporting Persons received by us, we believe that there has been compliance with all Section 16(a) filing requirements applicable to such Reporting Persons with respect to the fiscal year ended December 31, 2016, except that one Form 4 reporting one transaction for the March Award, which was contingent upon stockholder approval of our amended and restated 2011 Equity Incentive Plan, granted to each of our non-employee directors (Kurt C. Graves, Alan H. Auerbach, Willard H. Dere, M.D., Catherine J. Friedman, Ansbert Gadicke, M.D., Jean-Pierre Garnier, Ph.D., Owen Hughes, Anthony Rosenberg, and Debasish Roychowdhury, M.D.) was filed outside the required time period. In addition, one Form 4 reporting one transaction for Lorraine Fitzpatrick, M.D. was also filed outside the required time period.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended December 31, 2016, Alan H. Auerbach, Catherine J. Friedman, Jean-Pierre Garnier, Ph.D., and Kurt C. Graves served as members of our Compensation Committee. None of these Committee members is, or has ever been, an officer or employee of the Company. To our knowledge, there were no other relationships involving the members of our Compensation Committee which require disclosure in this proxy statement as a Compensation Committee interlock.

FUTURE STOCKHOLDER PROPOSALS

Stockholders who intend to have a proposal considered for inclusion in our proxy materials for presentation at our 2018 Annual Meeting of Stockholders pursuant to Rule 14a-8 under the Exchange Act must submit the proposal to our Secretary at our offices at 950 Winter Street, Waltham, Massachusetts, 02451 in writing not later than December 22, 2017.

Stockholders intending to present a proposal at our 2018 Annual Meeting of Stockholders, but not to include the proposal in our proxy statement, or to nominate a person for election as a director, must comply with the requirements set forth in our Amended and Restated Bylaws. Therefore, we must receive notice of such a proposal or nomination for the 2018 Annual Meeting of Stockholders no earlier than the close of business on February 7, 2018 and no later than the close of business on March 9, 2018. The notice must contain the information required by our Amended and Restated Bylaws, a copy of which is available upon request to our Secretary. In the event that the date of our 2018 Annual Meeting of Stockholders is more than 30 days before or more than 60 days after June 7, 2018, then our Secretary must receive such written notice not earlier than the close of business on the 120th day prior to the 2018 Annual Meeting and not later than the close of business on the 90th day prior to the 2018 Annual Meeting or, if later, the 10th day following the day on which public disclosure of the date of such meeting is first made by us. SEC rules permit management to vote proxies in its discretion in certain cases if the stockholder does not comply with this deadline and, in certain other cases notwithstanding the stockholder's compliance with this deadline.

We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these or other applicable requirements.
